- Select the position of the switcher. You have the choice between:
  - Fixed positions: The switcher is fixed on the screen, if the customer scrolls down the page, the switcher moves with.
  - displayNav1 or displayNav2: The switcher is located firmly in one of the upper corners of the page.
  - DisplayTop: The switcher is located in the menu bar
  - Footer: You can place the switcher above, below or in the footer.
  - displayContentWrapperTop or displayContentWrapperBottom: You can place the switcher above or below the content block. The switcher is then located between content block and footer / header.

- Select the appearance of the switcher. You can choose between radio buttons, a select box or a dropdown menu.

- You can set the color and background color of the switcher. Depending on the position and appearance of the switcher, the colors may be ignored.

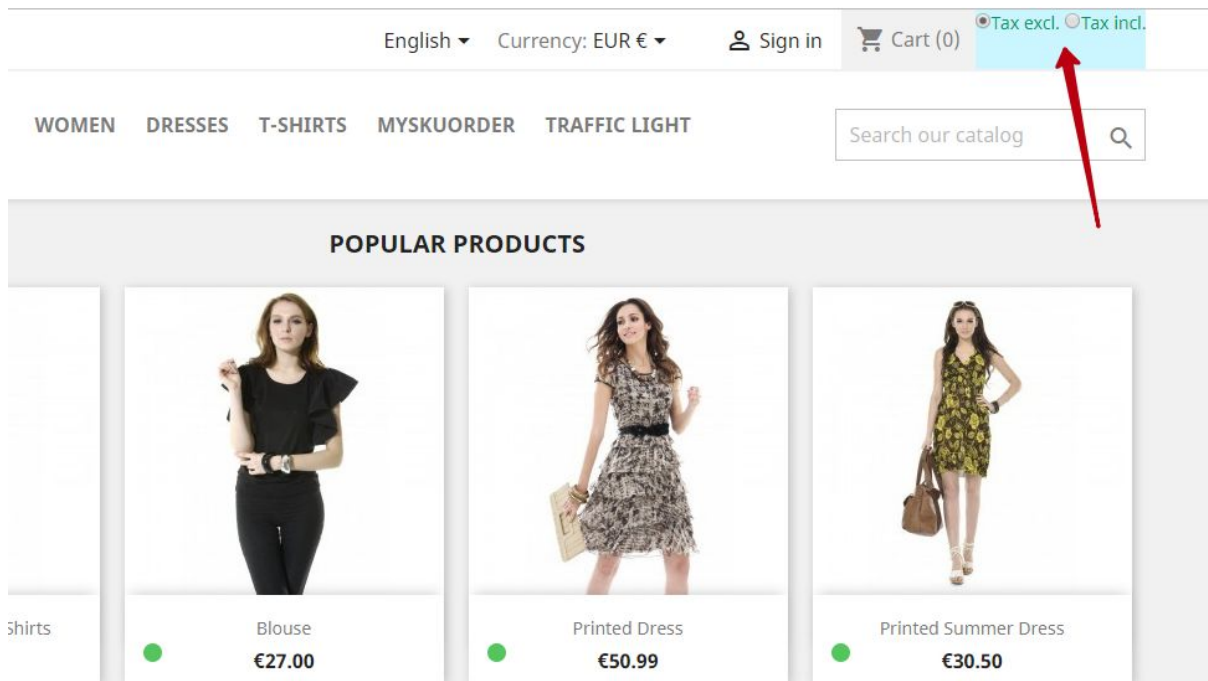

Save your settings.

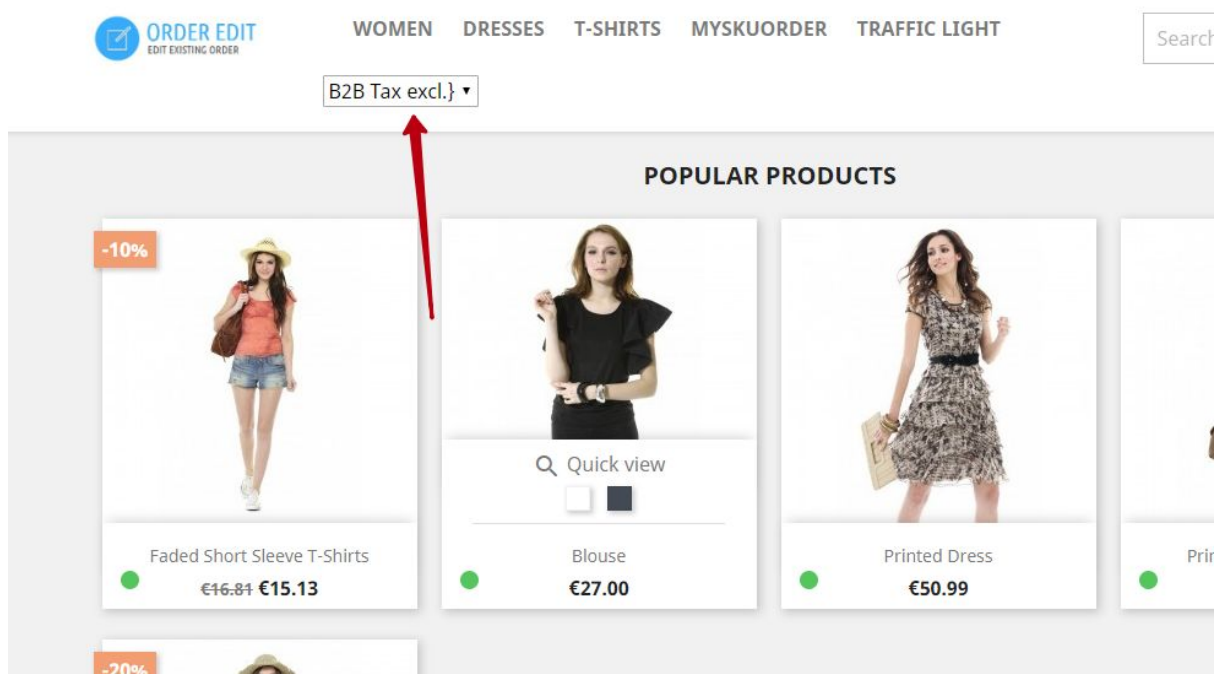

## Presentation in the frontend

This is how the switcher could look in your shop:

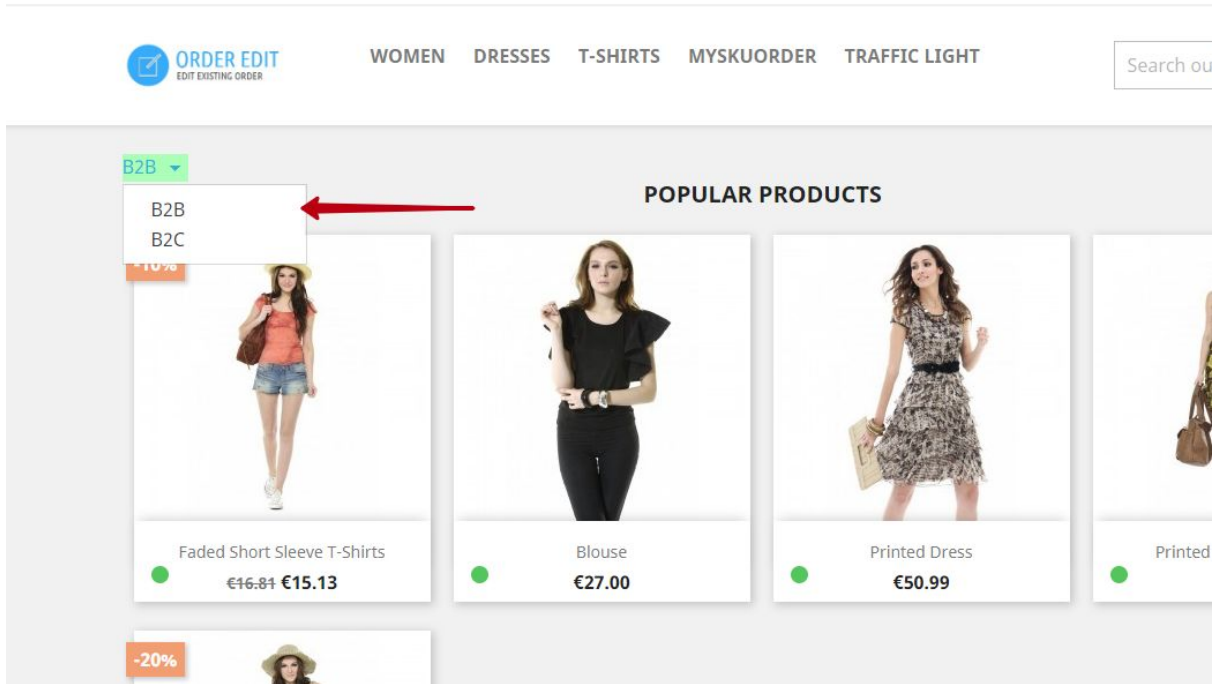

- Radio buttons, fixed in the upper right corner of the shop

- Selectbox, in the menu bar

- Dropdown above the content block

The screenshot shows a website header with navigation links: **ORDER EDIT** (EDIT EXISTING ORDER), **WOMEN**, **DRESSES**, **T-SHIRTS**, **MYSKUORDER**, and **TRAFFIC LIGHT**. A search bar is on the right. Below the header is a **POPULAR PRODUCTS** section. A dropdown menu is open over the first product, showing options **B2B** and **B2C**. A red arrow points to the **B2B** option. The product grid includes:

- Faded Short Sleeve T-Shirts**: -10% discount, price €16.81 to €15.13.
- Blouse**: price €27.00.
- Printed Dress**: price €50.99.
- Printed**: partially visible.

Below the grid, another product is partially visible with a -20% discount.
